Final Notice to the Trustee as to required Abatement of Property Tax to settle the Trusts

To: Bret Witkowski,

We, Michael Patrick and Cheryl Marie, issue this communication to confirm your receipt in-hand of a supplemental document issued by us, served by Cheryl Marie upon your duty of Office on Thursday, December 5th, with header: *Public Trust relationships* with an accompanying chart showing said relationships. We pray, from your reading of that document, you have gained knowledge sufficient to overcome the social-conditioning that has possibly prevented you from understanding that you do hold the official role of Trustee tasked to restrain commercial-trespass action (taxation) as dutiful protection of our ministry use-right in certain land/soil. You hold the authenticated evidence of our living will and works as the land stewards.

This communication also respectfully informs you, the Trustee, as our act of courtesy, that on Friday (the 6th) we took temporary protective-custody of two more inert (=unsigned) notices that appear to have been computer-generated, addressed to the Trusts (LYNCH, CHERYL M and the LYNCH MICHAEL). As notice to you or for any other affected officer, we hereby clarify that no officer may presume that we are 'served' in a legal sense by our having taken temporary custody of the physical papers. Because we are aware of the confusion about the jurisdictional foundation as to your Trust responsibilities pertaining to our qualified estate, we self-responsibly took temporary custody of what we suspected were additional auto-generated notices per some procedural requirement by which your Office typically acquires proof of service of process (i.e. certified notice / 3rd notice) for arraignment purposes. Likewise, no previous action-in-assumpsit auto-generated by computer or done by an uninformed municipal officer's inert deed performed under corporate by-laws has ever established any encumbrance upon our ministry-use in land (nor could it). The record shows that we have always timely issued clarifying return-notice as to such undertaking(s) having been done in error.

For your records, we are attaching to this communication the USPS scan of the restricted-authorization under which we took temporary protective-custody of these latest envelopes. For your edification, the words written thereupon by Michael Patrick in capacity of minister of God (resident in God), mean that we remain without acceptance of the papers in any accommodating 'legal' capacity (i.e. sureties) as to the words upon the papers. Our restricted-authorization records our court-admissible testimony, willfully and voluntarily given under the hand of a living man and done in behalf of a living woman, in the physical witness of an officer of the U.S. Post Office. You may make a use of this scan for presenting to any affected officer in the County in support of the taxation Abatement (discharge, set-off, dismissal or whatever) that you are required to perform as the Trustee for settling said two Trust accounts.

To reiterate, it should be patently clear to you by now that we are without trustee-obligation, shall not trespass on the office of trustee of this taxation matter, and may not be compelled or coerced (=threatened) to 'appear for a public, show cause Hearing'. Our interests are without situation in the public venue for public use; we privately express all of our energy for church (=humanity's) increase (=benefit). We are wholly without 'legal affairs' to handle. We responsibly handle our private affairs in private. You, as a man and as a Trust officer, have already literally heard our voice, in open court. The competent court of record that we maintain is always open. The written and voiced record of our contract-standing and land-use claim fulfills the law of the land. Anyone who claims otherwise has an incomplete comprehension of law. Our continuous-ministry use in land is Excepted (not exempted) from taxation, as continuous charitable use. The land is redeemed from the DEAD by the quickened. Our hands and word bond the will of our living estate and our documentary issuances, under vow and protection of covenant-trust in God's law-order.

In regard to your performance of your Office function, since there is no witnessed and supported living-man-signed affidavit of claim given under full liability expressing on the record that we are the sureties with tax liability in Commerce, you have all the documentation that is required for you to go pray to an administrative-judge in your corporation's court to witness the record and provide you with some sort of order restraining taxation upon our interests if such legal JUDGMENT & ORDER is what your Office requires for providing service to us. If there is anything else we can supply to you in aid of your action to protect our interests, it is your duty to specifically and privately instruct us; we are without duty to continue to guess what you need. The law commands that we receive timely Relief from the threat of theft of our ministry use-right in land, as consideration for all of our energy being motioned for the public increase.

We are honorably returning the two above-referenced computer-generated notices and envelopes back to your Office, via first-class mail. Since we are not the creators or co-creators, we are without authority to dispose of them. It is of no consequence to our interests if our envelope liveried to your attention from our venue to the Berrien County Admin Building (commercial venue) is accepted or refused at the receiving end. We shall authenticate and seal a hard-copy of this emailed communication and also enclose that in the envelope we are directing to your Office. Your receipt of this email sent to your published address establishes proof of service upon your duties of Office.

This taxation matter is currently in want of a trustee. We now look forward to receiving timely notification from you that a trustee has taken responsible action. You have only three options open to you in settlement (or movement) of this Trust matter. Time is of the essence, as your inaction to-date is causing us loss of our inherent and societal right of enjoying peace-of-mind. Notify us that you have either:

(1) paid the tax from your own assets, or,

(2) produced an affidavit of a living-man's claim as noted above, verifying that the evidence you are relying on is correct, or,

(3) performed Abatement as the official Trustee.
